PLANS ARE NOW COMPLETE FOR INVASION OF MEXICO.

AMERICANS AWAIT WORD TO JUMP ACROSS BORDER.

DEATH OR DEPOSITION OF DIAZ TO BE SIGNAL FOR ARMY TO INVADE AND USE FORCE TO RESTORE ORDER.

WASHINGTON, March 9.—Plans of the United States for an invasion of Mexico are now complete and the state department is only awaiting information of the death or resignation of President Diaz of Mexico or word from the American embassy that the revolution is getting further beyond the control of the Mexicans.

This word will be sufficient for the state department to give the war department orders to loose the dogs of war along the Mexican frontier. In this case it is understood Mexico will be invaded from El Paso to Eagle Pass, Laredo and Tampico. Tampico will be made the landing place for marines and the forces will converge, from all sides, restoring order as they proceed. The combined forces will then be within striking distance of the city of Mexico, in case anarchy should follow the death, resignation or deposition of President Diaz.

Mexicans Are Excited.
MEXICO CITY, March 9.—The excitement and demonstrations against the Americans is being allayed today by a message from President Taft to President Diaz announcing the mobilization of troops in Texas is solely for the purpose of putting the American troops through a series of war maneuvers.

Hospital Supplies Sent.
ST. LOUIS, March 9.—With six trains loaded with hospital supplies already enroute to Texas, the commandant at Jefferson barracks has been ordered to start 200 additional men for San Antonio at once and rush them through. In addition 500 men are ready to move.

Two Ships Sent to Cuba.
Philadelphia, March 9.—The transport Prairie with 700 marines on board sailed today for Guantanamo, Cuba. The Dixie will leave tomorrow with 700 more marines. The men are equipped for a stay of six months.

Rebels Ready to Fire.
MEXICALIA, Lower California, March 9.—Enraged by the action of the United States in shifting the war game toward this section of the country, General Bartholdt, the leader of the Insurrectionists, has threatened to fire on the United States regulars if they make a move to cross the border.

Militia Wants to Fight.
WASHINGTON, March 9.—National guard organizations in a number of states have expressed a desire to participate in the army maneuvers in Texas. Among the requests received today are these from New York and Texas.

Rebels in Retreat.
TUCSON, Ariz., March 9.—Lead r-
loss and panic stricken 300 Insurrec-

tos are today in flight after a conflict with a detachment of regulars near San Ignacio. In the battle 25 of the Insurrectos, including two leaders, were killed.

Diaz Rumored Dead.
WASHINGTON, March 9.—Despite persistent denials by his son in Mexico City, persistent rumors are being circulated again today that President Diaz of Mexico is dead and that the fact of his death is being concealed by Ramon Corral, who has seized the reins of power in the Mexican capital.

Rush Order for Arms.
MOLINE, Ill., March 9.—A rush order for small arms is said to have been received at the Rock Island government arsenal and that the work of manufacture is being rushed with a full force of men.

ADD WAR—
Merely Army Maneuvers—
WASHINGTON, March 9.—After a conference with President Taft today Mexican Ambassador Dola Bara said the president had assured him the statement issued declaring the movement of troops to the southwest is merely for army maneuvers, represents the American attitude.

Two Scout Cruisers.
PENSACOLA, Fla., March 9.—Two scout cruisers left here last night, the Chester for Tampico and the Salem for Galveston.

Troops from Snelling.
ST. PAUL, Minn., March 9.—Four troops of cavalry from Fort Snelling, ordered to San Antonio, had started for the south when orders were received changing their destination to El Paso. A regiment of infantry also left Fort Snelling today for Texas.

Mexico Doesn't Object.
CHICAGO, March 9.—Es'rada Ramales, a Mexican treasury official who is here on a secret mission, said today that Mexico has no objection to the war demonstrations of the United States on the border, but further than that Ramales became evasive and would make no statement.

Another Rebel Victory.
EAGLE PASS, Tex., March 9.—The Mexican Federals suffered a crushing defeat at the hands of the Insurrectos near Camurphia Monday. The Federals lost 150 killed and wounded, while the loss of the Rebels was slight. General Torros was badly wounded.

IMPROMPTU MUSICALE WEDNESDAY EVENING.

PLEASANT TIME ENJOYED BY
FRIENDS AND NEIGHBORS AT
RIDGEWOOD AVENUE HOME OF
MR. AND MRS. G. H. LUDWIG.

A delightful impromptu musicale was enjoyed Wednesday evening at the home of Mr. and Mrs. Geo. H. Ludwig on North Ridgewood avenue by a number of their friends and neighbors, the performers of the evening being Mrs. W. F. Schmitt, Miss Hannah Bach, Miss Jesse Brown and A. E. Donnelly, all of them musicians of great merit.

There were both vocal and instrumental solos and duets by Mrs. Schmitt and Miss Bach, who have charming voices, a couple of excellent piano solos by Miss Brown and violin solos by Mr. Donnelly as well as duet combinations with the ladies. Mr. Donnelly has a perfect mastery of the violin and to hear him is always a pleasure.

In addition to the home talent the Sidney Woodward Quartet of the Baptist Academy of Jacksonville came in during the evening and entertained the party with several fine selections. Altogether, it was a great musical treat to those assembled.

\$500,000 DAMAGES DEMANDED.

BALLINGER SUES PINCHOT; NOW SEEKING VINDICATION.

**RETIRING SECRETARY OF INTER-
IOR SAYS PINCHOT HAS BEEN
AFTER HIM WITH ASSASSIN'S
KNIFE.**

WASHINGTON, March 9.—The sum of \$500,000 for damages will be demanded in a suit soon to be filed against Gifford Pinchot by Richard Ballinger, who retires from the position of secretary of the interior this week.

WHEAT MARKET EASY ON GOOD REPORT.

CHICAGO, March 9.—The wheat market opened easier today at 1-2 to 7-8 lower on good crop reports. May pork was quoted at 90 1-8c. Provisions were a shade easier. May pork was unchanged; lard, \$9.05; ribs, \$9.37. Hogs were five lower and cattle steady.

COMPTROLLER WANTS STATEMENT OF BANKS.

WASHINGTON, March 9.—The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business March 7.

ROOSEVELT IN ATLANTA FOR SPEECH.

FORMER PRESIDENT TO TALK TO COMMERCIAL CONGRESS.

**SENATOR FLETCHER CHOSEN
PRESIDENT OF BODY WHICH
WILL HEAR SEVERAL PROMI-
NENT MEN.**

ATLANTA, Ga., March 9.—Former President Theodore Roosevelt arrived here from the north this morning at 10 o'clock and was given an enthusiastic reception by the delegates to the Southern Commercial congress and citizens of Atlanta. Col. Roosevelt will address the congress tonight.

At the opening session of the congress today Senator Fletcher of Florida was chosen president, President Parker becoming first vice president, Quarles and Dawe were elected secretary and managing director.

A committee met Woodrow Wilson at the state line this morning and he will be given a reception by the congress equal to that of President Taft and Roosevelt. Wilson is a favorite in Georgia.

PRESIDENT COMING SOUTH; STARTS THIS AFTERNOON

WASHINGTON, March 9.—President Taft and his party leave Washington for Atlanta at 4:15 o'clock this afternoon. The president will keep constantly informed on developments in the Mexican situation.

Begin Today With \$1

The Public Schools will educate your boy—but his education is not complete without a fair knowledge of business. He can soon grasp the principles of ordinary business transactions by having an account with a bank. You can do your boy no greater service than in encouraging him to have a bank account with THIS bank. We say THIS bank, because his business will be welcome here and his affairs have our careful and considerate attention at all times.

COUNT OF VOTES BEING MADE TODAY.

BALLOT BOX IS CLOSED AT FIVE THIS AFTERNOON.

**CONTESTANT WHO HAS SE-
CURED LARGEST NUMBER OF
VOTES DURING WEEK TO GET
PRIZE OF 50,000 VOTES.**

Promptly at 5 o'clock this afternoon the ballot box will close in the Gazette-News Great Popularity Contest, and all persons desiring to help their favorite contestant win the big bonus offer of 50,000 votes must vote before that hour as 50,000 votes is a decided factor in a contest as close as this one, and every person should pay their subscription before that hour and secure votes.

During the past week the different contestants have been hard at work among their friends and the race is indeed a close one.

The announcement is yesterday's paper of the increase of \$850 in the list of prizes caused quite a furore in contest circles, and contestants went to work with renewed vigor.

The Gazette-News now offers to its contestants \$2,700 worth of prizes in this contest. If you have a favorite not in the race be sure and nominate her at once.

The following is the list of prizes to be given in this contest:

- First Prize—One Chopin Upright Grand Piano, \$450.
- Second Prize—One Scholarship Columbia College, \$100.
- Third Prize—One Scholarship in Draughon's College, \$50.
- Fourth Prize—One Mission Bookcase, \$25.
- Fifth Prize—One Rebate Certificate, \$300.
- Sixth Prize—One Rebate Certificate, \$275.
- Seventh Prize—One Rebate Certificate, \$275.
- Eighth Prize—One Rebate Certificate, \$275.
- Ninth Prize—One Rebate Certificate, \$250.
- Tenth Prize—One Rebate Certificate, \$225.
- Eleventh Prize—One Rebate Certificate, \$200.
- Twelfth Prize—One Rebate Certificate, \$175.
- Thirteenth Prize—One Rebate Certificate, \$150.
- Fourteenth Prize—One Rebate Certificate, \$125.
- Fifteenth Prize—One Rebate Certificate, \$100.

FIREMEN WILL STRIKE ON QUEEN & CRESCENT.

CINCINNATI, March 9.—Locomotive firemen on the Queen & Crescent road have voted to strike, because negro firemen are employed on passenger trains and preferred freight runs. The strike is to become effective at 5:40 o'clock this afternoon.

DAILY STOCK MARKET REPORT

NEW YORK, March 9.—Stocks had completely recovered today from their nervousness over the talk of war and the opening was firm with many fractional advances. Steel was strong while cotton was steady at two to four points higher on good demand.

THE ATLANTIC COAST LINE MAY BUILD FROM DE LAND.

**BOARD OF TRADE TO INVITE DI-
RECTORS TO BUILD BRANCH
FROM THIS CITY TO CONNECT
AT COUNTY SEAT.**

Through the Daytona board of trade the Atlantic Coast Line railroad will be invited to build a line to this city and there are fair prospects that this line will be built.

At the postponed meeting of the board of trade held Wednesday evening it was brought out that representatives of the Atlantic Coast Line have recently been in Daytona investigating the proposition of building a branch line from Daytona to DeLand to connect with the main line through the state at the county seat junction. It is understood the proposition looks encouraging to the A. C. L. representatives and to make it still more encouraging and show that such a line would be appreciated by the people in this city and vicinity an action was taken by the board of trade by which a committee was appointed to draft a set of resolutions inviting the directors of the road to build a line from Daytona to DeLand.

A branch line of this road would give the people of Daytona and this vicinity a choice of two roads for freight shipments and passenger travel and competition which could not help being a big benefit. From the enthusiasm displayed by the members of the board of trade when this matter was brought up the new road would be welcomed with open arms by the business men and citizens of this vicinity.

A list of 20 names for new members of the board was presented and all were accepted as members, bringing the total membership of the board up to 188. This is the size the new civic organization has grown to since it was started with 40 members January 25.

By an action taken the board of trade will purchase a new flag with the understanding that a man will be delegated by the city to look after it, having it put up each morning and taken down each evening, the flag to be displayed on the top of the city hall each week day.

Thorough discussion brought out the opinion among the members that there should be some kind of an advertising booklet prepared by the board of trade, working in connection with the Hotel Men's Association of Daytona, and the matter was referred to the publicity committee to investigate and report at the next meeting.

A communication was read from Superintendent Wolfe of the Southern Express company in reply to the request from the board that a down town office be established here. The superintendent expressed the belief that the depot office was centrally located as any place that can be secured for an office in the city and that the installation of a telephone and pickup wagon will relieve the situation here for the present. Mr. Wolfe stated that when he again (Continued on page four)

PICTURESQUE PORT ORANGE

PORT ORANGE is a pretty little village situated five miles south of Daytona on the Daytona-Port Orange hard-surface road, the scenic highway of the East Coast. The town is located on the Halifax River, and is connected with the peninsula opposite by a bridge.

The town is well built out and has many pretty homes. A large number of tourists and winter residents make Port Orange winter headquarters. Several attractions being the excellent fishing.

A short distance west of Port Orange are the remains of the old Dunlawton sugar mill, a place that is visited every year by hundreds of tourists. One time all the country west of Port Orange, surrounding the old mill, was a vast indigo and sugar cane plantation. The mill was operated extensively in those early days but has been in disuse for forty or fifty years.

A very interesting drive from Daytona is by ocean beach to the approach of the Port Orange bridge, across the bridge and then passing through the principal street of Port Orange to the ruins of the old sugar mill, returning to Daytona by the road on the mainland.

By L. C. DEMAREE.

One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a prancing pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls flit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pelucid Halifax River. Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamey food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon the beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood.

Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with elfin draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistering leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cryptogamous forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; within they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

DELAND, the county seat of Volusia County, is situated 23 miles southwest of Daytona and is reached from the latter city by an excellent hard-surface road recently constructed.

At Deland is located the John B. Stetson University, one of the leading educational institutions of the South. Because of the interest in matters educational Deland is known as "The Athens of Florida."

Stetson University has a faculty of 50 professors and instructors. There are over \$400,000 in buildings and equipment; nearly \$300,000 endowment; a Carnegie Library alone representing an investment in building, endowment and books, of more than \$120,000. The library is the United States Government depository for the State of Florida, and contains over 15,000 volumes. Science Hall, one of the newest of 16 buildings, with its furnishings, represents an outlay of \$60,000. Elizabeth Hall is one of the most beautiful college buildings in the South.

The city has a population of about 3,500, with a thickly settled country adjacent. Deland proper is five miles east of the St. Johns River, on the high, rolling pine land of the great "Orange Ridge" of Florida. The predominant products are oranges and grapefruit, the estimated crop from this vicinity being over 300,000 boxes this year. Grapes, peaches, pears, Japan persimmons, plums, pecans, guavas, strawberries and other fruits are grown in plenty.

In the way of public improvements are many miles of fine shell roads, an excellent high school, electric lights, a system of waterworks that is owned and operated by the city, supplying the purest water at little cost.

Nine houses of worship testify that Deland is a church-going community. Baptists, Episcopalians, Methodists (Northern and Southern), Presbyterians, Christians and Catholics, besides colored Baptists and Methodists, are represented. The graded school offers a ten years' course, and the building which it occupies is newly furnished throughout, and is one of the most commodious and best equipped public schools in the State.

The trip from Daytona to Deland is made by automobile in a little over an hour, and there are many pretty drives in the vicinity of the county seat. A good road leads to DeLeon Springs, five miles, a historic spot, where 60,000 gallons of water bubble from the earth every minute. From Deland automobiles go south to Osteen, 18 miles, on shell and marl roads; the St. Johns is crossed by ferry near Osteen and cars can then continue to Sanford and Orlando by hard road. There is a shell road from Deland to Orange City, five miles, and a good road from Deland to Lake Helen, a like distance.

LAKE HELEN, FLA.

LAKE HELEN

Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic camp-ground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

ORANGE CITY

The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

Capt. and Mrs. W. W. Smith returned Wednesday afternoon from Miami, where they have been for the past three weeks. They had a pleasant visit and the captain says the weather was fine during their stay.

*Phone 33 will call for your cleaning and pressing. BURNETT.

Among the visitors to the city at this time is F. C. Gaumer, manager of the Champaign Democrat at Urbana, Ohio. Mr. Gaumer came down by boat from St. Augustine Wednesday and will spend a week in Daytona.

**LOST—Railroad ticket to Cincinnati. Liberal reward. C. Henry, the Oaks. 83-84-85

Geo. J. Vande Vord is at New Smyrna on the peninsula opposite that city looking after his apiary located at that place, having gone there Monday aboard the boat he built recently for use in moving his bees from place to place in a migratory system of bee keeping, such as has been practiced for years by C. O. Poppleton of Stuart.

*Dr. J. C. Herman, Osteopath, 20 Volusia Ave., Daytona, Phone 40. tf

The power boat, Ace II, which was brought over from Eustis to this city last Sunday, left Tuesday morning for Palm Beach with A. M. Pelett of this city as pilot. The Ace II is owned by Tremple Brothers of New Jersey, who spend the winters at Eustis and accompanied the boat here from that place. The boat is Canadian built and is of mahogany. She is 32 feet in length and about 5 foot beam and has a 125-horsepower Sterling engine. Her speed is stated at 36 miles an hour, but it is thought she will do even better than that and will make a great showing in the races in which she is entered at Palm Beach. The boat was brought over from Eustis by wagon.

GRAND OPERA HERE TONIGHT AT NEW DAYTONA THEATRE.

ENGAGEMENT OF ENGLISH SINGING COMPANY AND ORCHESTRA TO BE ONE OF THE BEST ATTRACTIONS OF SEASON.

To those who revel in the highest attainment of vocal and instrumental music, as exemplified in grand opera, and this includes nearly every individual in the universe, from the pulpit to the prison, a few remarks will not be amiss concerning tonight's engagement of the English Grand Opera company and orchestra.

The performance is an innovation and notable in many ways. The eyes of the musical world are now focused on Pietro Mascagni, the composer of L'Amigo Fritz, Rusticana and a new work, Yasobel, to be produced at the New theater in New York within a few weeks.

Cavalleria Rusticana (Rustic Chivalry), popular the world over, has never been heard here, although the "intermezzo" played during the interlude is a familiar number to most of us.

Offenbach's sparkling little opera, "The Rose of Anvergne," is another brilliantly cut musical gem, which scintillates here for the first time on this occasion; thus we are to receive a "double bill"—a gala night as it is called in operatic circles.

Still another attraction, also refreshingly new, and therefore doubly acceptable, is the orchestra—a ladies' orchestra, if you please—and conducted by the famous Boston leader, Nellie Chandler, to whom the late Patrick Gilmore presented his baton on a memorable occasion in Washington before an audience of nearly fifty thousand people, assembled in the vast amphitheater.

Of the artists but little need be said. C. Pol Plancon, the baritone, occasionally gives recitals at \$1.50 a seat.

Nikow, the tenor, a compatriot and alternate with Bonis and Caruso, appears on tour in America this season for the first time.

Hertha Heyman has appeared in the casts with Tetravini and Mary Garden with the Manhattan company. Others bear the stamp of public approval.

Now for the puzzle. Grand opera stars, double bill and orchestra, all for one dollar.

Its solution is simple. Like Madam

Troubadour, now running in New York, like the Alice Nellson tours and Pauline Hall in Dorcas, the opera Cavalleria Rusticana is played in one scene. It is not dependent on electrical and mechanical effects and does not require a choral ensemble, hence the English Grand Opera company and orchestra is able to present the ultimate in quality versus mediocrity in quantity and the grand opera masterpieces of the world famous composers being to an extent educational and partly dependent on the patronage of students, must be given at a price within reach of all.

Ormond Notes

ORMOND, Mich. 9.—A. G. Carleton is putting up another of his fine boats for W. Jenks of Boston, Mass. Ormond has a craze for boat building this season.

Mr. Irons of New York had a fine looking cruiser come down last week from his home, which to all appearances seem to fill the bill.

We have not learned the particular about the fair he'd last week in the Hotel Ormond for the benefit of the Union church, but should say it was a grand success as it netted \$385. The patrons of the hotel are certainly a generous lot of people.

One of the finest boats built on the Halifax river is the Peggy L., built for Mrs. Whiting of Whitenville, Mass., equipped with a 25-horsepower Sterling finished in natural color inside with cherry decks, heavy plate glass windows, all round cabin, up-to-date control. She is certainly a beauty. Messrs. Bostrum and Carnell were the designers and builders who have done themselves proud.

The Cherokee took a large party of our townspeople, as well as tourists to New Smyrna on Monday. They all enjoyed the trip exceedingly.

ON ADVICE OF HIS MOTHER BASCOM CARLTON GIVES UP.

TRICK BY SHERIFF PERRY LANDS PRISONER IN COUNTY JAIL WHILE CROWD WAITS AT DEPOT.

According to the latest information concerning the capture of Bascom Carleton, the man charged with the double murder of Deputy Sheriff Guy White and Abe Snyder at Espanola Sunday afternoon, the bad man surrendered voluntarily on the advice of his mother.

Carleton was found by two special deputies at his home at Dinner Island and calmly announced himself ready to submit to arrest and be turned over to the sheriff.

Knowing the feeling of the residents in the vicinity of Espanola and fearing violence might be done to her son the aged mother pleaded with Carleton to submit to arrest and stand trial rather than take the chances on falling into the hands of the relatives and friends of White and Snyder.

Carleton was placed under arrest by the special deputies at 2 o'clock in the morning and held at Dinner Island until the arrival of Sheriff Perry from St. Augustine shortly after noon. The sheriff took the prisoner back to St. Augustine, where a large crowd of people had gathered at the depot to await the arrival of the train and get a look at the bad man.

To thwart the crowd and prevent any possible display of ill feeling Sheriff Perry did not take his prisoner to the depot in St. Augustine, but removed him quietly at the Orange street crossing, hurrying him to the county jail in an automobile. By the time the train arrived at the station, where the assembled crowd was clamoring for a look at the prisoner, the sheriff had Carleton safely locked in the county jail.

Excellent Hunting and Fishing

NEW SMYRNA, FLORIDA

NEW SMYRNA is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

Hopper, wife and son, Germantown, Pa.

Capt. B. S. Grove and wife, who have been at the Wilmer on South Palmetto avenue for several weeks and in the city for the past two months, departed Wednesday afternoon on their return to Boston, Mass. Though he has traveled extensively this was the captain's first visit to Daytona and he was very much pleased with the city and the East Coast in general and intends to come here again. Capt. Grove was for fifteen years in command of the fine steamship, Yale, plying between Boston and New York.

*LOST—Plain gold bracelet of 14 K. Volusia avenue or North Beach street. Reward for return to 225 Volusia avenue. S-21

Announced Himself. While looking for strangers just as a Welsh regiment was about to sail from Cape Town for England an officer found a private standing at attention in a shed. "What are you doing here?" he was asked. "Please, sir," was the reply, "I am a lunatic, and I am waiting for the corporal's guard." He was right; he was a lunatic, and his guard had forgotten him.

Comforting. "A critic said my last painting lacked warmth. What do you suggest?" "A fire."—New York American.

Fifty Years Ago Today.
March 9.

Messina was completely surrounded by the Sardinian army and navy under leadership of General Cialdini, one of Garibaldi's noted officers.

Twenty-five Years Ago Today.

Small strikes occurred in many cities, and a strike epidemic seemed impending.

NEGRO PAYS
FOR BEATING
HIS SPOUSE.

\$25 AND 30 DAYS ON STREETS

ASSESSED BY MAYOR TITUS.

CITY EXECUTIVE DETERMINED COMPLAINTS OF DISORDERLY CONDUCT AMONG NEGROES SHALL CEASE.

On a charge of disorderly conduct and beating his wife George Green, colored, of Midway appeared in the court of Mayor Titus Thursday morning and was assessed a fine of \$25 and costs and sentenced to serve 30 days on the streets, the labor part of the sentence being remitted to serve as a peace bond for one year. In case Green is brought into court on a similar charge within a year he will be compelled to serve his time on the streets.

Mrs. Green, his wife, who was taken into custody at the same time on a charge of fighting, was discharged, the evidence showing she is a hard working woman and made the victim of an assault by her husband.

Mayor Titus is determined that fighting and disorderly conduct among the negro residents of Waycross and Midway shall cease and will hand out stiff punishment to all who are brought into court on these charges in future.

Over 20 cases of violating the sanitary ordinance were heard by the mayor in pursuance of his announced policy to see that the whole city is cleaned up and kept clean.

G. A. Seller, white, was assessed \$1 and costs for violating the vehicle ordinance by backing his automobile into the street and blocking traffic.

G. M. Smiley, white, brought into court on a charge of petty pilfering from G. A. Foye was fined \$25 and costs or 30 days on the streets and the fine and sentence remitted to serve as a peace bond for one year.

MAYOR'S LITTLE SON HAS
MIRACULOUS ESCAPE.

FELL FROM MOVING AUTOMOBILE AND FORTUNATELY ESCAPED WITH BUT SLIGHT BRUISE AND CUT ON SCALP.

Little 3-year-old James Marion Titus, son of Mayor Titus, had a miraculous escape from death this afternoon. Mayor Titus had his family out riding in his touring car and was coming south on Beach street when the tourneau door came open and the little fellow fell out and landed on his head. Doctors say his escape from death was miraculous. The little fellow sustained a scalp wound and a bruise over his eye but was otherwise uninjured.

The car was traveling about 12 miles an hour when the accident occurred.

Mrs. W. H. Freeman
Proprietor

SEABREEZE and DAYTONA BEACH, two enterprising and progressive towns on the Halifax Peninsula, are geographically one although incorporated as separate municipalities. The towns parallel the peninsula north and south for a distance of from three and one-half to four miles, and extend east and west from the surging seas of the Atlantic Ocean to the Halifax River, the beautiful tide water stream that sets them apart from Daytona with which they have close communion by means of three bridges, as well as a half-hour ferry service.

Seabreeze and Daytona Beach are essentially summer and winter resorts and are making hundreds of new friends every year among those who desire to escape the discomforting extremes of heat and cold, and their hotels and boarding houses are now receiving splendid patronage from the most discriminating class of tourists.

The ocean itself, with its marvelous beach, hard as macadam and smooth as a floor, is the greatest attraction, although earth, air and sky seem to have entered into a combination to enhance its every charm. The beach is the famous automobile race course where every world's straight-away record has been made, and all these records it continues to hold without rival.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobilizing some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

COURTSHIP IN STATISTICS.

German Prober Has Declarations of Love Codified.

Nothing is sacred to the German statistician. Presumably basing his calculations upon information culled from fiction, he calculates that in the case of proposals of marriage 36 per cent of the suitors press the hand of their beloved, 24 per cent conclude their speech with an embrace, 4 per cent kiss the hair, 2 per cent kiss the hand, 2 per cent fall on their knees and 20 per cent swallow nervously before they declare their passion.

Ten per cent open and close their mouths without being able to utter a single word, and 2 per cent make their proposals while standing on one foot.

With regard to the women, on the other hand, 60 per cent sink helpless into the lovers' arms for whose proposal they have been waiting, 20 per cent blush and hide their faces, 1 per cent swoon away, 4 per cent are genuinely amazed, 14 per cent gaze silently into the suitor's eyes and 1 per cent run away to tell a girl friend.

LONG WAY AROUND IN KANSAS

Mail Service Encounters Novel Obstacles in Routes.

If a man in Richfield, county seat of Morton county, Kan., should send a letter to a man in the town of Sid, in the same county and but sixteen miles away, his letter would have to travel 514 miles to get there. It would take longer to get that letter from Richfield to Sid, sixteen miles, than it takes to send a letter from New York to Liverpool, England.

The only way mail from Richfield can be sent to the towns south and east of there, even a dozen miles away, is to send it north fifty-two miles to Syracuse, then east 222 miles to Hutchinson, then back again on to Meade or Liberal, from where it is carried back to its destination, possibly only twenty or thirty miles from where it started.

TWO BATTLESHIPS ARE "DRY"

Total Abstinence Has Invaded King George's Navy.

The British navy has just taken a step unprecedented in its history. The two cruisers *Rainbow* and *Niobe* are to be tested men-of-war, contrary to all marine traditions.

Grog has always been a part of the standard ration, being a concoction of one part rum to three parts water, but no such luxury is to be permitted on the two ships above mentioned. In the old days—in fact, down to 1830—the daily allowance to each man was a gallon of ale and half a pint of rum. The quantity has been greatly modified, but it certainly never entered any tar's head that the time was coming for total abstinence.

Future Emperor of Germany and Small Brother Are Sturdy Lads

GERMANY is fortunate in having numerous boy babies born in the royal family. Kaiser William's immediate family consists of six sons and one daughter, and he is doubtless envied by the czar of Russia, who became the father of four daughters before a son came to succeed him on the throne. The Kaiser's oldest son, Crown Prince Frederick William, has three children, and they are all boys. Two of them are shown in the accompanying picture, William Frederick and Louis Ferdinand. William Frederick, named for his grandfather and great-grandfather, was born July 4, 1906. He will become crown prince when his father becomes Kaiser, and when he in turn becomes the ruler of Germany his subjects will celebrate as his birthday the day that the United States celebrates with fireworks and fireworks. The future Kaiser is a sturdy lad and is described as being a thorough boy with democratic inclinations, bent on mischief and not worried about the cares of state. His brother, Louis Ferdinand, was born Nov. 9, 1907, and is a youth of much the same type. They have still another brother, Hubert, born Sept. 30, 1909, and they are doubtless hoping that the stork will some day bring them a sister or two.

Encouragement after censure is as the sun after a shower.—Goethe.

Cape Colony Needs Phones.
Cape Colony will import 50,000 telephones from Sweden to meet an increasing demand.

Contrary Human Nature.

"I suppose it is our natural contrariness which makes us do such paradoxical things."

"Such as what?"

"As makes us long for things when we are short."—Baltimore American.

ORMOND-ON-THE-HALF

ORMOND is 5 miles north of Daytona, and on the west side of the Halifax River. The location permits of drainage and perfect sanitation; elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Daytona Beach. Many fine homes are maintained on either side of the river, most of them surrounded by sub-tropical flora and shrubbery, besides thrifty orange and other citrus fruit trees.

Ormond has many attractions—excellent automobilizing, good fishing, safe boating, and many pleasant drives. At Ormond Beach is located the large Hotel Ormond, and its lesser sister, the Iretton Inn. The former occupies a position overlooking the Halifax, and the latter has as its outlook the magnificent beach and the road Atlantic.

Besides the broad, smooth beach there are many drives for carriages and automobiles around Ormond—drives to and through groves of golden oranges; drives through tropical forests to Spanish ruins; drives to the ancient Causeway built by slaves of planters of long ago, and drives to the plantations of hospitable settlers, whose places are replete with the interest of Southern fruits and flowers.

One of the most interesting of these plantations is at the headwaters of the Halifax and known as Moundgrove. It is one of the finest orange groves on the East Coast of Florida and is amid very pretty surroundings. Moundgrove is on the Daytona-Saint Augustine road.

ORMOND is 5 miles north of Daytona, and on the west side of the Halifax River. The location permits of drainage and perfect sanitation; elevation is superb and ideal for winter homes. A wide bridge connects Ormond with Daytona Beach. Many fine homes are maintained on either side of the river, most of them surrounded by sub-tropical flora and shrubbery, besides thrifty orange and other citrus fruit trees.

CASTLE GARDEN BE ENLARGED

Plans to Make It
the Largest Aquarium.

MILLION FOR CHANGES.

Castle Garden, Erected as Castle Clinton in 1807, Became Theater in 1830 and Heard Jenny Lind in 1850. Lafayette, Jackson and Tyler Visited There.

New York may have a new aquarium to be the largest and best equipped institution of the kind in the world, and the city will be asked for \$1,000,000 for the erection of a new building.

It is understood that the city will be asked for a total of about \$1,000,000, to be appropriated in installments as needed. In addition to the cramped quarters for visitors, the tank space has been found to be inadequate. To meet the proposed enlarged institution with the best ideas which have been worked out in similar institutions in the large cities in the world the director, Dr. Charles H. Townsend, will go abroad to inspect the aquariums in Europe.

Due to the enormous amount of space lost in the present old building by account of the thick walls and bomb proof compartments the amount of space actually available for the work of the aquarium as it now stands is a very small percentage of the amount of area covered by the building. The much needed additional space will be acquired by the removal of the great thick walls and bomb proof compartments and by adding two stories to the height of the present structure. This will provide 2,000 running feet of glass, which is practically three times the present capacity, giving approximately 282 tanks.

Castle Garden Made History.

Castle Garden, the building which the aquarium now occupies and will continue to occupy, is one of the most picturesque structures in New York. The general government erected it in 1807, when the site was about 300 yards from the mainland, a part of Battery park having since been made by filling up the space between the shore at that time and the island. The structure was first known as Castle Clinton and was a fortress, which accounts for its walls of fourteen feet in thickness, supposed at the time to be bomb proof.

Fifteen years after its completion its necessity as a means of defense passed away, and the federal authorities ceded it to the city in 1822. Two years later it was leased to private individuals as a place of amusement, and its floor was laid out elaborately as an indoor garden. A stage was erected at the north side, concerts were given, and refreshments were sold to the audience, as in case of the less formal musical hall entertainments of the present time. The capacity at that time was 6,000 people accommodated in comfort, but as many as 10,000 have been known to crowd into it at a pinch.

Opera and Jenny Lind.

In the thirties it became a playhouse, and in 1847 the Havana Opera company began an engagement there, singing such operas as "Ernani," "Norma" and "La Sonnambula." Signor Arditi, Patti's conductor, was the musical director and Signorina Detusco the prima donna.

A later event, however, made Castle Garden famous as a place of amusement. This was the appearance there of Jenny Lind in a concert on Sept. 11, 1850, under the management of P. T. Barnum. To this and to the fact that the city has welcomed there such distinguished persons as the Marquis de Lafayette when he returned to America in 1824, General Andrew Jackson in 1832 and President John Tyler in 1848 the building owes its claim to historical importance and interest.

Castle Garden's career as a theater ended in May, 1853, when the building was turned into a depot for the reception of immigrants. In 1879 its interior was destroyed by fire, but the thick walls remained intact, and the structure was soon reconstructed. It was turned over to the park department and converted into an aquarium about twenty years ago.

CLERGYMAN BUYS MONKEYS.

Seeks Serum to Prevent or Cure Infantile Paralysis.

The Rev. Maitland Alexander, pastor of the First Presbyterian church of Pittsburgh, who is worth \$20,000,000, and his wife as much more, is experimenting on monkeys in the hope of finding a serum or cure for infantile paralysis, the disease from which less than 15 per cent of its victims recover. Dr. Alexander has for many years been connected with the Allegheny General hospital, and it is there that the experiments are now being carried on.

He now has sixty monkeys in a cage in the pathological department, and they are being utilized daily for an exchange of blood with sufferers from the dread disease.

Cotton Company For China.

A company, \$10,000,000 gold capital, is forming to grow cotton in Chosen, Korea. Experiments in growing have been successful.

SHE LOVED SNUFF.

Remarkable Will and Funeral of a Queer Englishwoman.

The will of Mrs. Margaret Thompson, which is preserved as a curiosity at Somerset House, England, is a tribute to the delights and consolations of snuff. The testatrix directed that in her coffin should be buried with her all her handkerchiefs and sufficient of the best Scotch snuff to cover her body. This she preferred to flowers, as "nothing could be more fragrant and so refreshing to me as that precious powder." Further, the six greatest snuff takers in the parish of St. James, Westminster, were to be her bearers. Six old maids, each bearing in her hand a box filled with the best Scotch snuff to take for their refreshment as they walked, were to bear the pall. Before the corpse the minister was to walk, carrying and partaking of a pound of snuff. At every twenty yards a handful of snuff was to be delivered to the bystanders, and at the door of the testatrix's house were to be placed two bushels of the same quality of snuff for gratuitous distribution. In order to insure the carrying out of her wishes the testatrix made the legacies given by the will dependent upon an exact and literal fulfillment of the conditions above named. In closing she bade all concerned to regard snuff as the grand cordial of nature.

Toned It Down.

"King Edward," said an English visitor in New York, "hated snobbishness. To show how ridiculous snobbishness was he used often to tell about an alphabet book of his childhood."

"This book had alliterative sentences arranged under each letter, thus:

"'Callous Caroline caned a cur cruelly.'"

"'Henry hated the heat of heavy hats.'"

"'Under the letter V came the facetious sentence:

"'William Vilkins viped his veskit.'"

"'But the young prince's snobbish

tutors thought this sentence too vulgar and low for their charge and accordingly they substituted for it the more refined and genteel line:

"'Vincent Vining viewed a vacant villa.'"

Genius and Mediocrity.

Cornelle did not speak correctly the language of which he was such a master. Descartes was silent in mixed society. Themistocles, when asked to play on a lute, said, "I cannot fiddle, but I can make a little village into a great city." Addison was unable to converse in company. Virgil was heavy colloquially. La Fontaine was coarse and stupid when surrounded by men. The Countess of Pembroke had been often heard to say of Chaucer that his silence was more agreeable to her

than his conversation. Socrates, celebrated for his written orations, was so timid that he never ventured to speak in public. Dryden said that he was unfit for company. Hence it has been remarked, "Mediocrity can talk; it is for genius to observe."

The Art of Carpentry.

How many common figurative expressions in our language are borrowed from the art of carpentry may be seen from the following sentence: "The lawyer who filed the bill, shaved the note, cut an acquaintance, split a hair, made an entry, got up a case, framed an indictment, impaneled a jury, put them into a box, nailed a witness, hammered a judge and bored a whole court, all in one day, has since laid down law and turned carpenter."

The English Grand Opera company has been carefully selected from the best grand opera talent available and if all reports from the towns and cities where the organization has appeared are true, the musical treat of many years is in store for the music lovers of Daytona at the theatre tonight.

*Beach cottage for sale, near Automobile Club house. W. M. Shaffner. 82-5t

W. W. Douglas returned Wednesday afternoon from Florence, S. C., where he had been called as a witness in a case before the Federal court in which the defendant was charged with using the United States mails for fraudulent purposes. The case, however, was postponed because of the illness of the defendant.

*Hot baths, Hooper's Barber Shop.

*Don't fail to see the new line of spring suits at the Bee Hive before buying. 83-4t

Rev. D. H. Rutter and family will arrive within the next few days and Mr. Rutter will preach at the First M. E. church next Sunday.

*Winton touring car for sale cheap. J. W. Fulham. 83-3t

A real musical fiesta with vocal interpolation in English is promised the people of Daytona in the appearance of the English Grand Opera company at the new Daytona theatre tonight. The company has its own ladies orchestra, which is said to be the best musical organization of the kind ever heard in Daytona.

Mr. and Mrs. W. Radcliff, of Toronto, Canada, who have been in the city for a few days, left Wednesday for Palm Beach, following which they will return to Daytona and spend a month or more. Mr. Radcliff is a brother-in-law of Miss M. G. Harris, also of Toronto, who is located on First avenue for the season.

Major A. B. Foster entertained a party of friends aboard the Dutchess Wednesday for a day's outing at the inlet.

W. M. Moore returned Wednesday afternoon from Eustis, where he had been for a week or more engaged in shipping the fruit from his orange grove at that place.

*The second spring millinery opening of the M. Ella DeVoy Co. will be held Friday and Saturday. 84-85

F. A. Root returned Tuesday from Merritt's Island accompanied by Mrs. Root, who had been with him at that place for a couple of weeks, and Wednesday made a business trip to Jacksonville, expecting to return today.

E. Fairfax Ludlow, who has been spending the winter in this city as usual, departed this morning on the steamer Republic for St. Augustine, enroute to Bridgeport, Conn. Mr. Ludlow has signed an engagement with the great Barnum & Bailey shows and will travel with them this summer, the engagement dating from the 24th of this month.

*Bargain, quick sale, 2½ acres, 6 room cottage in city. Enquire Edmondson & Donnelly or Chas. Kenney, Seabreeze. 68-4t

W. O. Forbes and wife left Wednesday afternoon on their return to their home at Lincoln, Neb., stopping enroute at St. Augustine, Atlanta and Chattanooga. Mr. Forbes is an uncle of W. C. Branch, proprietor of the Willmer hotel and made that hostelry headquarters while in Daytona, though visiting Cuba and points down the coast since first coming to this city.

HARRY THOMPSON RESIGNS FROM TELEPHONE COMPANY.

TO BE SUCCEEDED AS MANAGER OF THE LOCAL EXCHANGE BY S. H. GOVE OF THE BRIDGE COMPANY.

The resignation of Harry Thompson as manager of the East Florida Telephone company has been tendered to the company, the same to take effect April 1. It is stated the resignation will be accepted by the telephone company officials and that S. H. Gove, manager of the bridge interests here, will be appointed manager of the telephone interests to succeed Mr. Thompson.

Mr. Thompson has been connected with the telephone company in the capacity of manager for a number of years and gives up his position because other business interests demand too much of his time.

BICYCLE RIDERS COLLIDE AND RECEIVE BAD FALL.

ELDER MAN UNCONSCIOUS FOR SEVERAL MINUTES AND IN A DAZED CONDITION FOR SOME TIME—NOW RESTING EASIER.

Col. W. F. Ball of Fargo, N. D., who has been coming to Daytona for a number of seasons and this winter is rooming with Mr. and Mrs. Graham Thompson, and taking his meals as usual at the Ivy Lane Inn, received a bad fall from his bicycle this morning when in collision with a young man by the name of Joe Van Note, employed at the Prince George hotel.

Col. Ball was out for his usual before breakfast ride and had turned into Beach street from Ivy Lane and was riding northward. When about in front of Geo. H. Clark's store he turned toward the sidewalk for the purpose of visiting Mill's barber shop. Mr. Van Note was coming south on Beach street and not being aware, of course, of Col. Ball's intention to alight, motioned him to give room to pass, but the colonel either failed to see or to heed the warning and the two came together close to the curbing and were thrown upon the cement walk.

Col. Ball's face struck the side of Mr. Van Note's head as they met and being a man well on in years and of heavy build he received the greater injury from the fall, being unconscious for several minutes and in a dazed condition for a much longer period. He was carried to the bench in front of Clark's store by Mr. Van Note, J. W. Eooth, Jos. Osborne and others and Dr. G. A. Klock was summoned but before he arrived Col. Ball had revived and was assisted to the Inn by Mr. Van Note, who had remained with him and rendered all the assistance he could. At last reports the injured man was resting more comfortably and no serious result is anticipated.

Col. Ball is a close friend of Mr. and Mrs. N. A. Lewis, also of Fargo, who own and are occupying a winter home on South Ridgewood avenue, and they were at once notified of the accident, as were also other friends in the city, who at once responded to his needs.

Julian Woodcock, who had been visiting his family at the Islington on South Ridgewood avenue, departed this morning on his return to Asheville, N. C., leaving his wife and son for a longer stay in Daytona.

SMALL BOY RUN OVER BY AN AUTOMOBILE.

CAR WHEEL PASSED OVER BOY'S HIPS BUT HE SEEMS TO HAVE ESCAPED SERIOUS INJURY—IS NOW IN HOSPITAL.

Marshall Crouse, the nine-year-old son of Dr. and Mrs. F. Crouse of Altamont, near Albany, N. Y., was run over by an automobile Wednesday, at the east end of the South bridge and yet seems almost miraculously to have escaped serious injury, although at least one wheel of the car passed over the little fellow's body, just about the hips.

The boy was accompanied by his father at the time of the accident and had run across the bridge or the roadway at the end of the bridge to look at some object in the water. It is said that Dr. Crouse saw the automobile approaching and called to his son to remain where he was but the boy seems to have become panic stricken and ran in front of the machine in an effort to rejoin his father. He was knocked down and the car passed over his body.

The automobile is owned by A. Hilliard of Dickinson, N. D., who owns a winter home on South Ridgewood avenue, and was driven by a colored man in Mr. Hilliard's employ. The car was at once stopped, the injured boy picked up and carried in the machine to the Daytona Private Hospital and Sanitarium on South Beach street, where he now is. This morning Dr. Klock reported him to be resting very well and said he anticipated no serious results from the accident.

Dr. and Mrs. Crouse and their son were guests of the Palmetto hotel.
